## For Your Information

**NSW School Updates app:** links parents and carers to the Department of Education's safety page to get up-to-date information and notifications for the operational status of NSW public schools. There is also up-to-date information about the Department's response to COVID-19 and resources. The free app may be downloaded from the app store or google play depending upon your phone.

## School website Service

Our school's website is part of the School Website Service. The Department of Education can insert the Latest News items on our website that are considered to be 'must haves' such as 'schools to implement distancing measures.' (15 March). Our school newsletter is uploaded to the school website every Monday.

## Health

We thank parents who keep children at home if they are unwell. Teachers are ensuring students wash their hands and also provide our students with hand sanitizer. We promote cough etiquette; sneezing into the elbow. Our classes are small, providing as much distance as practicable. Enhanced cleaning procedures are in place.

## Staff

I would like to commend our staff and the great job they are doing in providing as normal a school day as possible for our students.

### **Principals' Update**

This afternoon I join another livestream at 2pm from the Department's Secretary and Deputy Secretary. It will provide an update from the Department, following yesterday's government meetings. I hope to hear more of the Department's continuity of learning plans. As you aware, it is an ever-changing environment and I thank those who remain calm and set that example for their child/children.
