NSW Department of Education

Bardwell Park Infants School Behaviour Support and Management Plan

Overview

Bardwell Park Infants School is committed to explicitly teaching and modelling positive behaviour and to supporting all students to be engaged with their learning.

Our goal is to inspire every child to participate positively in society. We focus on promoting excellence, opportunity and success for every student, every day. We value and strive to develop safe, respectful and engaged learners in a caring learning community.

Principles of positive behaviour support, trauma-informed practice, inclusive practice and social emotional learning underpin our daily practice. High expectations for student behaviour are established and maintained through effective role modelling, explicit teaching, and planned responses.

To achieve our vision, key programs prioritised and valued by the school community are:

- Trauma informed and Inclusive Practice
- Explicit teaching (SEP priority) of the Department's Social Emotional learning units K-2.
- Bibliotherapy- quality literature aligned to the school's core values and WorryWoos
- WorryWoos Developing Emotional Intelligence program

Bardwell Park Infants School rejects all forms of bullying behaviours, including cyberbullying by maintaining a commitment to providing a safe, inclusive, and respectful learning community that promotes student wellbeing. Staff are committed to establishing evidence-based approaches and strategies that promote a positive climate where bullying is less likely to occur.

All members of the school community are active participants in building a welcoming school culture that values diversity and fosters positive relationships. A key component of a supportive school culture is building respectful relationships and an ethos that bullying is not accepted, in both online and offline environments. School staff explicitly teach digital citizenship and actively respond to student bullying behaviour.

Partnership with parents and carers

Bardwell Park Infants School will partner with parents/carers in establishing expectations for engagement in developing and implementing student behaviour management and bullying strategies by:

- inviting parent/carer and student feedback through formal and informal means such as school community surveys, consulting with the P & C, local AECG and community forums

Bardwell Park Infants School will communicate these expectations to parents/carers through the school newsletter, website, facebook page and the sharing of the School Community Charter and Respect at Schools posters. Our school proactively builds collaborative relationships with families and communities to create a shared understanding of how to support student learning, safety and wellbeing. See Translated versions of Information for parents/carers and students on expected behaviour in NSW public schools

School-wide expectations and rules

Bardwell Park Infants School has the following school-wide rules and expectations: to be safe, respectful and engaged learners.

Respect	Safety	Engagement
Respect the learning needs of others	Model and follow school and class expectations for safety	Ask for help, to do your best
Communicate appropriately	Be responsible	Actively engage in learning
Value the abilities and cultures of others	Make safe choices	Be ready to learn and be at school on time

Behaviour code for students

NSW public schools are committed to providing safe, supportive and responsive learning environments for everyone. We explicitly teach and model the behaviours we value in our students.

Bardwell Park Infants School takes strong action in response to behaviour that is detrimental to self or others or to the achievement of high-quality teaching and learning. See the Behaviour Code for Students for more details.

Whole school approach across the care continuum

Our school embeds student wellbeing and positive behaviour approaches and strategies in practices across the care continuum to promote positive behaviour and respond to behaviours of concern, including bullying and cyberbullying behaviour.

These approaches and strategies are built on a foundation of evidence-based effective classroom practices that set the tone for engagement with learning and respectful relationships. These practices include:

- stating and explicitly teaching classroom expectations
- establishing predictable routines and procedures that are communicated clearly to students
- encouraging expected behaviour with positive feedback and reinforcement
- discouraging inappropriate behaviour
- providing active supervision of students
- maximising opportunities for active engagement with learning
- providing carefully sequenced engaging lessons that provide options for student choice
- differentiating learning content and tasks to meet the needs of all students.

Care Continuum	Strategy or Program	Details	Audience
Prevention	Parent workshops	Our school psychologist delivers the parent workshop *Screen time or Scream time*	Families K-2
Prevention	National Day of Action Against Bullying and Violence (NDA)	Our school participates in the annual National Day of Action against Bullying and Violence (NDA) - in August each year.	Staff & K-2 students
Prevention/ Early intervention	WorryWoos Developing Emotional Intelligence (DEI) Program	The WorryWoos program has a strong emphasis on belonging and inclusion, encouraging the children to accept and value themselves and their peers for who they are.	Students K-2
Prevention / Early intervention / Targeted / Individual	Australian eSafety Commissioner Toolkit for Schools to prevent and respond to cyberbullying	The toolkit supports our school to prepare, engage and educate the school community about creating and maintaining safe online environments to prevent cyberbullying incidents.	All students, individual students K-2, families, staff
Targeted intervention	Attendance support	The principal and LST will convene a planning meeting with students, families and teachers to address barriers to improved attendance and set growth goals. The Network's HSLO may be called upon, to support if required.	Individual students, family, LST Principal
Targeted / individual intervention	School learning and support	Provides support for students who need personalised learning and support. The school's psychologist and/or external providers may support with parental consent.	Principal, individual students K-2, families, school psychologist
Individual intervention	Individual Behaviour Support Planning	Planning is done in collaboration with the student and their family with support from Team Around a School where needed. This can include individual behaviour support and risk management plans.	Individual students, staff, LST, Principal

Planned responses to positive appropriate behaviour, inappropriate behaviour and behaviours of concern, including bullying and cyber-bullying

Identifying behaviour of concern, including bullying and cyberbullying

A behaviour of concern is challenging, complex or unsafe behaviour that requires more persistent and intensive interventions. A behaviour of concern *does not include low-level inappropriate* or *developmentally appropriate behaviour*.

Bullying behaviour involves the intentional misuse of power in a relationship, is ongoing and repeated and involves behaviour that can cause harm.

Bardwell Park Infants School staff will identify inappropriate behaviour and behaviours of concern, including bullying and cyber-bullying through a range of channels, for example:

- directly observing a child or young person's behaviours, interactions, verbal communications, or work produced such as written materials, performances or artworks.
- a person disclosing information that is not previously known, either because it is new information or because it has been kept a secret
- concerns raised by a parent, community member or agency.

Students or parents can report bullying to any staff member. NSW public school principals have the authority to take disciplinary action to address student behaviours that occur outside of school hours or school grounds, including cyberbullying. Students who have been bullied or who bully others will be offered appropriate support, for example through their school's counselling service.

Responses to all behaviours of concern apply to student behaviour that occurs:

- at school
- on the way to and from school
- on school-endorsed activities that are off-site
- outside school hours and off school premises where there is a clear and close connection between the school and students' conduct
- when using social media, mobile devices and/or other technology involving another student or staff member.

Preventing and responding to behaviours of concern

Bardwell Park Infants School uses the following strategies to recognise and reinforce positive student behaviour and behavioural expectations:

The use of verbal and non-verbal specific positive feedback is the most powerful way to:

- help adults and learners to focus on positive social behaviour
- increase the likelihood that students will use the expected behaviours and skills in the future
- decrease unexpected behaviour and reduce the need for corrective responses
- enhance self-esteem and build an internal focus of control.

Specific positive feedback may not be sufficiently reinforcing for some students, so the school-wide continuum provides the opportunity to pair verbal or non-verbal feedback with a positive, tangible consequence. The school-wide continuum for acknowledging expected behaviour includes:

- free and frequent – for everyday use by all staff in all settings
- moderate and intermittent – awarded in weekly assemblies and acknowledged in the newsletter
- significant and infrequent –annual types of recognition such as graduation ceremony.

Prevention Responses to recognise and reinforce positive, inclusive and safe behaviour	Early Intervention Responses to minor inappropriate behaviour.	Targeted/Individualised Responses to behaviours of concern.
1. Behaviour expectations are taught and referred to regularly. Staff model behaviours and provide opportunities for practice. Students are acknowledged widely for meeting school-wide expectations and rules.	1. Refer to school-wide expectations and/or emotional regulation visuals/zones of regulation, emotional thermometer and/or accomodations so that the student learns to self-regulate.	1. Seek help from Principal if there is a risk to safety. Notify Principal ASAP.
2. Verbal and non-verbal specific positive feedback is paired with a positive, tangible reinforcer for acknowledging expected behaviour.	2. Use indirect responses including proximity, signals, non-verbal cues, ignore, attend, praise, redirect with specific corrective feedback.	2. Principal/CT to take immediate steps to restore safety and return the situation to calm by using appropriate strategies such as: redirecting to another area or activity, providing reassurance or offering choices, taking the student for proprioceptive activities to de-escalate. Incident review and planning is scheduled for a later time determined by the context and nature of the incident.
3. Tangible reinforcers include those that are: • free and frequent • moderate and intermittent • significant and infrequent Intermittent and infrequent reinforcers are recorded on the centralised recording system, School Bytes.	3. Use direct responses e.g. rule reminder, re-teach, provide choice, scripted interventions, student conference. Students have an opportunity to meet the classroom/playground behaviour expectation before a low-level consequence is applied.	3. Principal/LST regularly collects and reviews information/data and reviews the incident from multiple perspectives and determines next steps. Principal records the incident on the centralised recording system and contact parent/carer by email/phone or face-to-face. Principal may consider further action such as: formal caution/suspension.
4. All social-emotional learning programs Worry Woos (DEI), DoE's (SEL) are explicitly taught as per the school's annual scope and sequence but may require re-teaching. Bibliotherapy is used to support the school's core values and student wellbeing.	4. Teacher records on the centralised recording system School Bytes by the end of the school day. Monitor and inform family if repeated.	4. Refer to the school's Learning and Support Team considering current and previous behaviour data. Other actions may include developing a behaviour support/response plan and/or completing a risk assessment. Then seeking support from the Network's APLS or the Team Around the School.
Teacher/parent contact	Teacher/parent contact	Teacher/parent contact
Teacher contact through phone/ email or face-to-face to communicate student effort to meet expectations.	Teacher contacts parents by phone, email or face-to-face to arrange a meeting, when a range of corrective responses have not been successful. In some cases, individual planning and referral to LST may be discussed.	Principal contacts parent/carer to discuss any support and behaviour responses, including the referral to the LST, outside agencies or Team Around a School, to collaboratively plan the next steps to support.

Responses to serious behaviours of concern

Responses, including students who display serious behaviours of concern, are recorded in the school's centralised recording system, School Bytes. These may include:

- review and document incident
- determine appropriate response/s, including supports for staff or other students impacted
- refer/monitor the student through the school learning and support team
- develop or review individual student support planning, including teaching positive replacement behaviour and making learning and environmental adjustments
- reflection and restorative practices (listed below)
- liaise with Team Around a School for additional support or advice
- communication and collaboration with parents/carers (phone, email, face-to-face meeting)
- formal caution to suspend, suspension or expulsion.

The NSW Department of Education Student Behaviour policy and Suspension and Expulsion Procedures apply to all NSW public schools.

Reporting and recording behaviours of concern

Staff will comply with reporting and responding processes outlined in the:

- Incident Notification and Response policy and Incident Notification and Response Procedures
- Student Behaviour policy and procedures
- If a behaviour of concern is also a child protection matter use the Mandatory Reporting Guideline Tool.

Students and/or parents/carers can report cyberbullying to the eSafety Commissioner and reporting links for most sites, games and apps can be found at the eSafety Guide.

Reflection/restorative practices

Toilet and food breaks are always included when withdrawal from free choice play at either break is planned as a response to behaviour.

Action	When and how long?	Who coordinates?	How are these recorded?
Reflective conversation (problem-solving) – What happened, what did you do, and what could you do instead next time?	Class time and break times as required	Principal	Documented in school record system, School Bytes
